Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 18 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Outbreaks of rain over the next few days.

This Evening and Tonight:
Rain throughout the region, with infrequent dry spells. A bout of heavy rain during the late evening, followed by patchy, lighter rain during the small hours. Strong winds, particularly along the coast. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Briefly dry and bright with occasional patchy rain during the morning before further heavy rain moves in from the west. Mild but windy with coastal gales. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Persistent and heavy rain on Wednesday. Still windy with possible gales along coasts. Colder and drier conditions on Thursday and Friday with lighter winds, but showers are still likely.
